January 6, 2003

Commissioner:

Enclosed herewith are copies of FIGS. 1-19 showing in red the proposed changes.

The drawings are objected to because "Figur" is misspelled. Applicant has amended FIGS. 1-19 to refer to "Figure." In addition, FIG. 1 has been amended by changing numerals 6c and 6d on the left end of spindle 5 to "6c'" and "6d'". In addition, drive shaft 22c has been renumbered "22."

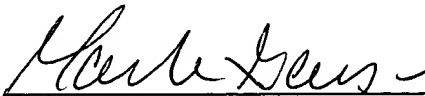

No new matter has been introduced by any of the new drawings. It is requested that these new drawings be reviewed and approved by

Application No. 09/647,899

the Examiner. Applicant will formalize the drawings after allowance of the application.

Respectfully submitted,
